

A technical drawing of a long, narrow metal plate, likely a component of a mechanical assembly. The plate is shown in a perspective view, oriented diagonally. It features a series of circular holes along its length, arranged in a staggered pattern. At each end of the plate, there is a mounting bracket or flange. The left bracket has a single hole with a bolt passing through it. The right bracket has two holes, each with a bolt passing through it. The drawing is a black and white line drawing, typical of engineering specifications.
